

RECRUIT AN APPRENTICE WITH ALLIANCE LEARNING

How will an Apprentice benefit your business?

Apprenticeships can boost productivity by on average £214 per week.

87% of employers said they were satisfied with their Apprenticeship programme.

76% of employers say that productivity has improved.

75% of employers reported that Apprenticeships improved the quality of their product or service.

What is the cost to take on an Apprentice?

1. Employers who don't pay the Apprenticeship Levy and want to purchase Apprenticeship training from a provider.
 - **The government pays 90% of the costs of training and assessment.**
 - **The employer will be responsible for paying 10% of the costs, engineering companies will still be required to pay an additional contribution.**
2. All Employers operating in the UK, with a pay bill of over £3 million each year, will now have to invest into Apprenticeships. This is known as the Apprenticeship Levy and will be paid at a rate of 0.5% of an employer's wage bill. It will be paid through Pay As You Earn (PAYE) and came into effect from April 2017. Contributions will be held in a digital account and you will have 24 months to spend the money within this account.

Apprenticeships we offer:

Business Administration | Customer Service | **Team Leading / Management** | Children & Young People's | Workforce | **Supporting Teaching & Learning** | Electrical Engineering | **Engineering Maintenance** | Fabrication & Welding | **Mechanical Engineering** | Performing Manufacturing Operations

If you would like one of our Business Development Advisors to visit your business to discuss the Apprenticeship programme in more detail then please give us a call today on 01204 677888 or email info@alliancelearning.com

SPOTLIGHT ON: 18TH EDITION

ARE YOU AWARE OF THE NEW WIRING REGULATIONS?

What is 18th Edition?

The IET 18th Edition is the essential publication for all professionals working in the electrical industry. It forms the national standard to which all new and amended electrical installations in the UK are to comply. The IET urges all electrical professionals to ensure they are familiar with the changes before the new requirements come into force in January 2019.

What do these changes mean for learners, professionals and the industry?

Those working on the design, installation and inspection and testing of wiring systems will need to be prepared for the changes in order to remain compliant as some of the changes will affect most electrical installation work.

These include, but are not limited to:

- Additions to the scope of BS 7671
- Changes to the disconnection times for certain circuits
- Further requirements for circuit protection in domestic dwellings
- Considerations for Arc Fault Detection in many installations
- Supporting of wiring systems
- Inspection and testing procedures

18th Edition Update Course

The 1 day 18th Edition update course is for anyone who has passed the 17th Edition 3rd Amendment 2015. This course will provide an overview of the changes to the 18th Edition in the IET Wiring Regulations. At the end of the course, there is a 2 hour online exam.

Duration: 1 day

Price: £275.00

18th Edition 3 Day Course

The 3 day course is essential for anyone who works or is involved with electrical installations. It will guide you through the IET Wiring Regulations, broken down into easy to understand modules. At the end of the course, there is a 2 hour online exam

Duration: 3 days

Price: £410.00
